Every other box on the form

Leave every remaining box blank/unticked on all three forms — none of the following apply to Atoure Ltd: chargeable gains (210-220), losses brought forward (225, 230, 275, 285), non-trade capital allowances, R&D/creatives reliefs (530-545, 650-685), land remediation, capital allowances and balancing charges (688-775), losses/deficits/excess amounts (780-855), Northern Ireland information (856-858), repayments and bank details (860-970, since no repayment is due), and payments to a person other than the company (943-970).

Payment

Each period's Corporation Tax was due 9 months and 1 day after the end of that period — all three dates have already passed (A01: due 11 June 2025; A02: due 1 July 2025; Period 3: due 1 July 2026), so interest is accruing. Pay separately from posting the returns, using sort code 08-32-10, account 12001020, account name HMRC Shipley, and each period's own payment reference from its CT211/CT208 notice.

Period	Self-assessed tax due (box 528)
A01	£474.65
A02	£7.86
Period 3	£553.14
Total	£1,035.65

This is separate from the £1,433.47 in late-filing penalties currently under appeal — the real tax is owed regardless of the appeal's outcome.
